## BOUNDARY LINES

This is a map of the Industrial I.S.D. boundary lines. If the property you are researching is near one of the boundary lines and you want to be certain that it is in our school district, we recommend you contact the Jackson County Appraisal District (782-7115) or Victoria County Appraisal District (576-3621) and ask which school district is designated for property taxes for that particular piece of property.
