

Jackson County Addendum #2

**Requests for Qualifications – Professional Agricultural / Engineering Services  
for Jackson County, Texas**

This Addendum #2 modified the original Request for Qualifications for the Professional Architectural / Engineering Services for Jackson County.

All references to Engineering should read **architectural / engineering** services, except for the third (3rd) bullet under Minimum Qualifications, as one of the proposed projects requires an engineer.

The third (3rd) bullet under Minimum Qualifications currently states:

"Vendor for one of the engineers selected must employ at least one engineer registered as a Professional Engineer (P.E.) in the state of Texas as an employee of the respective company."

The third (3rd) bullet under Minimum Qualifications shall be modified to read: (words in bold have been modified or added)

"Vendor for one of the **firms** selected must employ **or contract with** at least one engineer registered as a Professional Engineer (P.E.) in the state of Texas as an employee **or consultant** of the respective company. **Consultants shall be identified, what portions of the requirements they would perform described, and their experience, qualifications, and capabilities to provide the specified services documented.**"

Acknowledge receipt of the addendum below and return with the submission of the Request for Qualifications. If your response to the RFQ has already been submitted prior to receiving this addendum, return the addendum with any changes you may wish to make to your response to the RFQ, to Jackson County Auditor, 411 N Wells, RM 201, Edna, TX 77957, by the original submission deadline. Mark the outside of the envelope: *RFQ Addendum*. Returned addenda will supersede previous submitted RFQ response.
